International Terms and Conditions

1. **TERMS:** The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.
2. **LIABILITY:** Although every possible precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.
3. **A -** Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

B - All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

C - With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

D - When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

E - All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

F - Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

G - Shipment will be made as soon as released by the International Exposition, but at purchaser's risk of loss or injury after animal is bid off.

H - All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

4. **SHIPPING ARRANGEMENTS:** It is the obligation of the consignors and this association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals are cared for properly.

BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS AND CORRECT TRANSFER INFORMATION WITH THE SALES CLERK.

5. **INSURANCE:** Coverage may be secured at the time of sale.

W L CONQUEST - This bull has been a favorite with everyone on the farm since his birth. He is a bull with terrific growth, weighing 1020 at a year of age. Was shown as a calf in the early spring shows and has always had his share of admirers. We would like to hold this bull until after the spring shows and believe that he could be a strong contender for some of the highest honors.

The increasing demand for Shorthorn Crossbreds by cattle feeders is far out surpassing the available supplies. A group of this type of feeders is pictured above.

S & T CAESAR 3D - A good headed, smooth and very thick quartered calf sired by Leveldale Caesar, the Senior Champion bull at the 1955 International. His dam is a very good daughter of the former Senior herd bull Kickapoo Mainliner. This bull was a member of the show string and stood well up in the Summer yearling class. He also has been paired with Venetia Rosebud 6th for the pair of yearlings and they stood third at Illinois and Indiana State Fairs. S & T Caesar 3d can be recommended to anyone, since he is a member of the Broadhooks family which is nicking exceptionally well with Caesar. A three-quarter brother sold privately to C. H. Searce and Son and Calvin Hiatt, Jr. and Sons of Noblesville, Indiana for \$1250.00 at ten months of age.

K A COPYRIGHT - This son of Scotsdale Kinross possesses as many characteristics of a stock bull as any calf we've ever raised. He has tremendous depth of body - yet is uniformly thick and smooth throughout his entire body. His feet and legs are and always have been sound. Copyright has the head and substance of a stock bull. He has gained an average of 2.4 lbs. a day since birth up to Sept. 10th. Our 1946 Congress Champion and International 1st prize winner was from Missie KaDel 3d. His pedigree speaks for his popular breeding.
